KENNETH GOFF
PROFESSOR WESLEY SWIFT
INFORMATION CONCERNING

On April 10, 1948, [REDACTED] a beautician at [REDACTED] Beauty Shop, Los Angeles, advised that on Friday, April 9, she attended a lecture at the Embassy Auditorium and heard two speakers, KENNETH GOFF and Professor WESLEY SWIFT. She said that at a secret session after the meeting GOFF reportedly advised Mrs. ELIZABETH FISHER, who resides at the Arcady Hotel, Los Angeles, that "May 1 was a very important day for Russia" and fire bombs would be dropped in the United States; that Los Angeles was a dangerous place in which to live. GOFF reportedly instructed Mrs. FISHER to leave the city for her safety.

[REDACTED] stated that in their speeches both GOFF and SWIFT gave general information on what to do when Russia strikes. Further, GOFF advised that three hundred Negroes had previously been sent to Russia and given sabotage training. According to [REDACTED] GOFF wrote a booklet entitled "Confessions of Stalin's Agents." This booklet reportedly relates how Stalin's agents will attempt to assassinate United States Senators. [REDACTED] stated she purchased two copies of the booklet and sent them to Senator KNOWLAND and Senator TAFT. It was stated that GOFF and SWIFT would appear in Oakland on April 14, 1948, on a speaking engagement.

For the information of the Bureau, the Los Angeles indices reflect that KENNETH GOFF was mentioned as a witness in the Dies Committee reports in January 1947 and that he lectures at the Embassy Auditorium, Los Angeles, on Sunday nights. GOFF claims to be formerly on the National Committee of the Young Communist League, and he apparently distributes leaflets in behalf of GERALD L. K. SMITH.

Professor WESLEY SWIFT of Lancaster, California, reportedly is interested in Ku Klux Klan activity and he is also allegedly associated with GERALD L. K. SMITH.

This is being submitted for information purposes only.

The writer was informed by SA [REDACTED] that the above individual who is employed by [REDACTED] Street, San Francisco, and who lives at [REDACTED] El Cerrito, had been very cooperative in the past and might be of assistance in investigation of the Christian Nationalist Party (CNP).

The writer checked [REDACTED] name through the indices of this office and found no references of a derogatory nature which could be identified with her. The writer, therefore, interviewed her and found that she intended to attend at least one of the GERALD L. K. SMITH meetings in February and would be willing to make a report to this office on what transpired.

On February 9, 1953, the writer interviewed [REDACTED] who furnished a typed report of the morning and afternoon sessions of the CNP meetings held on February 6, 1953, as follows:

Native Sons Hall 414 Mason St., S.F. February 6, 1953

A Report on the Meeting of the Christian Nationalist Crusade held in Native Sons Hall. Morning session.

The meeting was scheduled to be held at ten o'clock so I arrived there at that time. There were about forty people there and no sign of the meeting being ready to start so I read some of the literature on the table and made some purchases of same for my files.

✓ The hall gradually began filling. At half past ten MR. DON LOHECK introduced the speaker of the day, MR. WESLEY A. SWIFT, who referred to himself as DR. SMITH. Before MR. SWIFT began his speech, MR. LOHECK announced that MR. SMITH would not speak until this afternoon as he was very busy with other business; also, that the meeting at the War Memorial Building would not take place due to transportation difficulties which had arisen. a prayer led by MR. LOHBECK and the Pledge of allegiance to the flag.

MR. SMITH announced that he was supposed to have spoken on International Zionism, but instead was going to talk on the subject of the United Nations. By this time about seventy-five people were in the hall.

Some of the points which MR. SWIFT made are as follows:

1. That we had been tricked and duped into joining the U. N. by the international Zionists. That the U. N. was supposed to have been organized to keep the peace but we had had war ever since it had existed. America had lost her sovereignty when she joined the U. N. and was tricked into it by such international Jews as BERNARD BARUCH and FELIX FRANKFURTER. "FELIX FRANKFURTER should not be on the Supreme Court, he should be in a concentration Camp." (Much applause to this statement.) FRANKFURTER's student, ALGER HISS had betrayed the U. S. by giving Roosevelt papers to sign which Roosevelt had not digested. SMITH had declared ALGER HISS a communist in 1945.

2. Russia had supplied the Israeli with guns, etc. and then the latter had used them against the poor Arabs, forcing them out on the desert to die. The Jews had kept the land which had not been given to them, the Negev area. They had murdered COUNT BERNARDOTTE and then BEN GURION, the President of Israel, had decorated the murderer.

3. The naivety or duplicity of General MARSHALL had given China to the Communists.

4. TRYGVE LIE is a Communist-trained individual who has done all in his power to engineer the U. N. into doing things in the interest of Soviet Russia. Did we know that there are 1850 employees in the U. N. and only 125 are Christians?

SF [REDACTED]

b2

5. The International Jews are deliberately creating dissension in the world to promote Russian interests... witness, a divided Korea, the trouble in Malaya and Indonesia, the rice-bowl of the world which Russia wants, and the oil wells of the Dutch. Since the U. N. interfered with the Dutch oil interests, all that oil is now going to Russia.

6. Every day a brochure of our military plans is presented to every nation in the U. N. How can we win a war when the enemy is seated at the conference table with us?

7. The international Jews permitted Korea to be divided by the U. N. Then America, which has yielded her rights to this agency of the Jews, was tricked into trying to drive the enemy out of South Korea. It was only by the suberb strategy of General DOUGLAS MAC ARTHUR that we were able to drive the Communists to the Yalu River, and then what did our leaders do? We waited until the River froze over allowing the enemy to drive us back. And the U. N. would not let us bomb the enemy who waited safely across the Yalu river. The Communists in the U. N. arranged all this. Why should we continue to spill our blood for the international Jews? Did we ever notice that the Jews are always running away from something. They are always refugees. If disaster struck in San Francisco, they would not stay to help.. they would show up in Kansas City. And so forth ad nauseum.

Afternoon session:

I arrived about 2:30 P. M. There were more at this session, probably one hundred or more. GERAID L. K. SMITH had already begun his tirade against the Jews. He held up a copy of a book by JACK B. TENNEY, Zion's Fifth Column. He said he had only a limited number, but we could buy them for a dollar. I bought one for my files. The book is in three parts: 1. Notes

1
SF [REDACTED] 52

on Zionism; 2. Anti-defamation League of B'nai B'rith; 3. American Jewish Committee. The whole book is an anti-Semitic attack.

Then SMITH asked how many representatives there were in the House of Representatives. Someone said 435. He accepted this figure as correct and said that he thought the group should send a copy of the TENNEY Report to all the Representatives. He would make the price 60¢ per copy. Someone figured out that that would entail an expenditure of \$210. He accepted donations in cash and had a group of ushers pass out pledge cards. Ninety-five dollars in cash were collected and over a hundred pledged. So the group had done an excellent job in providing the necessary funds for the project.

Then he held up a leaflet explaining the facts about the U. N. The leaflet was distributed free to the audience, but we were given the privilege to buy ten copies for a dollar. I bought ten copies. The 24 page booklet is titled, "Headlines" and is published at 342 Madison Ave. N.Y. 17, N.Y. It describes how red the U. N. is; The UNESCO campaign to capture the schools, etc. A copy is attached to this report.

He talked further along anti-Semitic lines and also about UNESCO intending to bring education to the children of the South. He said that UNESCO was not interested in educating the children, but in controlling the schools by supplying funds. It was the Jews and the money again.

The book, the Protocols of the Learned Elders of Zion was recommended as reading material. It was termed the most dangerous book in the world.

✓ After SMITH finished his talk he introduced MRS. EDITH ESSIG of Alameda who read a paper which lauded LINDBERGH, who, she said, incurred the wrath of the international Jews when he said that America was subservient to British and Jewish interests. Since then, our hero had been attacked and vilified.

The original report has been made an exhibit in this file for information purposes. [REDACTED] further noted that SMITH and the other speakers made no suggestion as to how their organization was to achieve its ends. On January 21, 1954, [REDACTED] Oakland, California, was interviewed by SA [REDACTED] and the writer. [REDACTED] had previously telephoned the office with a complaint regarding a meeting which he had recorded. It is noted that [REDACTED] is a partner in the [REDACTED] Company, and his partner is [REDACTED] who resides at [REDACTED] Oakland.

The complainant and [REDACTED] recently as a speculative venture recorded a meeting which was held Monday Night, January 18, 1954, at the Native Sons Hall on Geary Street on the Seventh Floor in San Francisco, California. This meeting turned out to be a closed meeting with admittance by postcard only. There was a man stationed at the door who would not admit anyone who did not have a postcard announcing the meeting. There were about fifty people in attendance, most of these were people over the age of forty. The arrangements to record the speech at this meeting had been made through a MARTHA WILSON, who resides at the Claridge Hotel in Oakland. WILSON is a woman of about 55 years of age, who has apparently been married three or four times. She lives on alimony or investments at the present time.

The main speaker at this meeting was a Doctor SWIFT, who is apparently identical with Doctor WESLEY SWIFT of Lancaster, California. He was described as being a man of about 45 or 46 years of age, 5'9", dark hair, a short stocky neck, he was wearing a dark suit and no glasses.

[REDACTED] played the recording of Dr. SWIFT's talk for the agents. The talk was very anti-Jewish, anti-Communist, and anti-United Nations.

Dr. SWIFT spoke of a recent court decision in New Jersey regarding the teaching of the Bible in public schools. The publication "Jewish Voice" for December 18, 1953 apparently ran an article which indicated to Dr. SWIFT that the Jewish people in the United States had conspired to undermine the Christian Religion. He declared that people who conspire against our faith and religion don't belong in the United States.

Dr. SWIFT declared that Jews SIDNEY WEINBERG, BERNARD BARUCH, and others

are advisors to the President of the United States and are a very evil force in the country. He declared that the United Nations was made up by crafty Jewish minds and that the United States does not belong in the United Nations. He said it was a Jewish conspiracy which turned the atom secrets of this country over to Soviet Russia.

He claimed that the Jews have a foreign army within the United States and it is time they were run out of this country.

[redacted] was introduced to Dr. SWIFT and he heard the comment that Dr. SWIFT believes his life is in danger, therefore he has to sneak in and out of town when he comes to the Bay Area. [redacted] also had learned that Dr. SWIFT gave a talk at Ebell Hall at 1440 Harrison Street, Oakland, on Tuesday Night, January 19, 1954.

57C A check at this Hall with [redacted] who has charge of the bookings, disclosed that the Hall was rented on that evening by a Mr. THOMAS DOWLING, 105 Reed Street, Mill Valley, California, and that Reverend SWIFT gave a talk. The name of the organization which rented the Hall was unknown to [redacted]. She stated, however, that the Hall is rented by Mr. DOWLING at irregular intervals every month or two.

[redacted] advised that neither he nor [redacted] has any sympathies with this organization. He did not actually know the name of the organization, however, literature had been given to him and [redacted] by Miss MARTHA WILSON, and this literature indicated it was put out by the CHRISTIAN NATIONALIST CRUSADE, Post Office Box 27895, Los Angeles 27, California. [redacted] turned this literature over to the agents and it is being included herewith for the exhibit envelope. It contains a publication put out by the captioned organization and quoting Senator JACK B. TENNEY. It is entitled "Mind-Washing in America". The literature also includes a copy of the "WILLIAMS Intelligence Summary", which is put out by ROBERT H. WILLIAMS, a news analyst, lecturer, and former counter intelligence officer at P. O. Box 868, Santa Ana, California. The summary is dated August, 1953. It also appears to be anti-Jewish.

RE: Wesley Swift

October 25, 1954:

7/18/00

37063 ELW/JARKaw

920293

Dr. Swift held his regular monthly meeting at the Native Sons Hall this evening and used as his topic of discussion "The High Cost of Error." There were about one hundred present.

Dr. Swift began his talk by saying he believes in 64 of the 66 books of the Bible and that he can prove the Book of Esther and the Songs of Solomon were put in by the Jews for their own benefit, just as they are today preaching socialism, communism and perversion. He said they want to divide the wealth which they do not have the ingenuity to produce. They must depend on other talents.

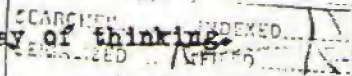

He said Franklin D. Roosevelt took orders from their power machine and so did well in their sight. He also said Eisenhower is a "yes man" to them. He spoke of the Bricker Amendment and said that it was fashioned to keep the President of the United States from being able to make a secret agreement like that at Yalta without the consent of the people and the Congress.

He spoke of the increase in taxes from 6% twenty years ago to the present 33% today.

He said he could prove most communists are Jews, that one of the Jewish newspapers in Los Angeles last week spoke of 43 of 44 suspended communists in a recent expose were Jews and that this percentage prevails everywhere.

He spoke of the Argentine beef sold here; that it cost us seven times what it should have cost and that the return in exchange trade from Argentina is only one dollar on the four dollars which we have invested. In the "seven times" figure he included the subsidy granted cattle raisers here for the drop in price. He said Donald Reichberg, a Jew, was responsible for this Argentine cattle deal.

Dr. Swift said the Jews have a new program now which they call "Mental Hygiene" to educate us to their way of thinking. They claim that anyone who is against segregation in the schools or against the Jews has a "mental block" and need a psychiatrist. They have many "Jew psychiatrists" who have set up offices to change our way of thinking.

which the banks need. He mentioned that the international bankers, Morganthau, Frankfurter, and Rothschild, have had the control for many years now and if a cattle raiser goes broke because we are buying Argentina beef he must borrow from them. Dr. Swift proposes a national bank set up by Congress where the farmers may borrow without interest and pay back in good years.

Once he said that "almost anyone can get a stay of execution now if their nose is bent in the right direction."

He talked of our people "bowing down" to Goldie Meyerson who is here from Israeli. He said our labor leaders have said she is a great labor leader. He then told that she has set up the "kabbitz" there, which means that there are communal dormitories where the men live together and the women live together and that married couples may stay together one night a week, that any children born here are taken away and live in other dormitories and carry only their given name. They never use their father's last name, if they know it. He said, "This is the great woman to whom our labor leaders are bowing." He said these men in the Kabbitz are give \$19.00 once a year for a vacation and free room and board.

Dr. Swift said, "The day has come when every Christian should get a rifle, a shotgun, ammunition and some shells and lay them in, they are going to need it to protect themselves and their homes."

He said Eisenhower is not worthy to be our President. He criticized him for standing up for Senator Case of New Jersey when his sister, Adelaide Case, was proved to be a communist. He said, "Just like Anna Rosenberg, they said that that was another Adelaide Case and she is dead."

Dr. Swift is very pro-Knowland and very anti-Kuchel.

He said the error was Yalta and the high cost of this error was Korea. He said when McCarran died he wonders if it was an accident. McCarran had to brace himself with a white pill each time before speaking and on the day he died a reporter brushed by him just as he went to take the pill and knocked it out of his hand, sending it rolling out of sight on the floor. McCarren spoke without the pill and collapsed afterward. He said, "I wonder if this was an accident or if this was murder?" 2

Anyone placing an "X" on his collection envelope will be mailed a copy of the Protocols. There was not literature table tonight. There was very little ~~at any~~ of the last meetings. Have their presses stopped? Smith had very little when he was here.

b7C MYRON C. FAGAN, National Director, Cinema Educational Guild, Inc., author of Red Pressure in Hollywood and Red Treason on Broadway, telephonically contacted Supervisor [REDACTED] on 4/28/55 and advised that he was attending the Congress of Freedom Convention currently being held at the Whitcomb Hotel, San Francisco, California. He stated that he has become suspicious of the manner in which the seminars at the convention are being manipulated and the line of thought being developed at them. He had reason to believe that the convention was being infiltrated by both leftwingers and Christian Nationalist Crusaders. FAGAN expressed the desire to be interviewed by Bureau Agents.

b7C FAGAN was contacted on 4/28/55 at the Whitcomb Hotel, San Francisco, by SAs [REDACTED] and [REDACTED].

FAGAN advised that he was the individual who furnished important information concerning Communism to Senator VANDERBERG's Office in 1946, that he launched the investigation of Communism in the film industry and exposed the three hundred Reds employed by the film industry and was responsible for the HCUA hearing in this field, and that he has written numerous books on the subject of Communism. He also advised that he was responsible for exposing the United World Federalists and has always worked closely with the Bureau, although not officially connected with it. He said he had brought information to the Bureau and the Bureau carried on from there.

FAGAN advised that he did not wish to definitely characterize the convention as being a Red front or infiltrated by Christian Nationalist Crusaders, but that he had been made aware of certain disturbing trends and had personally noted a number of strange and furtive characters moving about.

b7c He was particularly concerned with WESTLEY SWIFT, [REDACTED], and a [REDACTED]. He had no definite allegations to make but sensed certain disruptive influences making themselves felt both from the left and the right.

[REDACTED] then introduced the interviewing Agents to a [REDACTED] [REDACTED] San Diego, California, [REDACTED] Pasadena, California, and [REDACTED] Fair Oaks, California. All of these individuals were in agreement with [REDACTED] concerning the disturbing trends and disruptive influences present at the convention, and were, in fact, apparently the basis for [REDACTED]'s disturbed condition.

b7c b7D [REDACTED] advised that she was the coordinator of all of the patriotic groups in San Diego, California, and that she could not afford to have her name associated with anything that smacked of subversion and that she felt she was in a precarious position by having attended this convention and that she wanted to go on record as having said so and wanted to be cleared.

[REDACTED] who was the principal spokesman of the group, advised that her name had been placed on the list of the Convention Committee without her permission. She stated that she was a member of the panel on the Philosophy Behind the United Nations, [REDACTED]. She advised that [REDACTED] is definitely manipulating the panel so that people who believe as she does do not get a chance to express themselves and that he is an extreme pacifist, that he believes that in the event an atom bomb is dropped on the United States that there should be a national referendum to determine if the United States should retaliate in kind, that as an example of collective security he depicted two boys fighting and a grown man stepping in and stopping them. [REDACTED] wanted to know what kind of an example that was and stated that she was highly suspicious of it.

[REDACTED] stated that pacifism has come up time and time again and also that there were many philosophical anarchists present at the convention and that a [REDACTED] had expressed anarchistic views, such as, that if laws were not good they did not have to be abided by. In general, she said, there appeared to be a complete lack of respect for Government.

[REDACTED] also stated that a [REDACTED] [REDACTED] allegedly made the statement that the time might

possibly come when the Government would have to be overthrown by force and violence in order to do away with laws.

[redacted] advised that her belief as well as those of many others at the convention is "the less government the better" but that she in no way subscribed to anarchistic views.

[redacted] advised that [redacted] had disrupted the Convention of the Congress of Freedom in 1954 at Omaha, Nebraska, and took control of this convention on its last day. She went along with [redacted] because a good friend of hers had highly recommended him and because of this recommendation she attended this convention in San Francisco. Now that she was here she too did not like the way things were going and also wanted to go on record as having expressed herself in this way.

b7c [redacted] was completely silent throughout and merely nodded his head in agreement with everything that was said.

b7d [redacted] after everybody present had nothing else to say, asked the Interviewing Agents to advise them on what they could do to clear themselves and to save the convention.

[redacted] was informed that the Agents were there at their invitation to receive any information they had to offer, that the FBI was a fact-finding organization and its files were strictly confidential, that the Agents were in no position to offer any advice or recommendations. It should be noted that the Interviewing Agents did not interrogate these people but merely accepted what information they had to offer and made no statements during the interview.

It should be noted that the background and activities of [redacted] have been set out in the report of SA [redacted] dated 1/24/55 and captioned American National Crusade, aka National Independent Party, Diablo Valley Independents, Diablo Valley Young Democrats. In San Francisco letter to the Bureau dated 4/19/55 captioned [redacted], it was pointed out that [redacted], Concord, California, claims to be head of an organization which affiliates itself with the program of GERALD L. Speaker-Dr. Wesley A. Swift.

"The meeting opened with the usual prayer. Dr. SWIFT then started speaking about Zionism and how Negroes are taking over our country. He also discussed at length the amount of money that was spent on liquor at the United Nations convention and how it was paid for by the people of our country. He mentioned the fact that over a million dollars alone was spent on liquor. Also the major part that ALGER HISS played in betraying our country. How he was such an important figure at the United Nations Convention. How religion is is being taken from conventions to pacify Jews and Reds.

"Dr. Swift said he talked with a young teen-age girl from one of the public schools around Los Angeles and she had gone to the school counselor to discuss the fact that her parents had been pressing religion upon her and she wanted to advise on what to do. The counselor advised her to just tolerate them that they were old-fashioned. He claims our schools are now ignoring religions and trying to kill Christianity.

"Then there was the usual discussion on how Communism is over-ruling our government.

SF 105-1535

"Dr. Swift then discussed the persecution of McCarthy. How he was talked into putting a Jew on his staff (Cowan) to make him appear pro-semitic.

"Dr. Swift went into a rather dramatic talk on the Salk vaccine. What a farce the Salk vaccine is. It was discovered by a Jew and he would never allow any child of his to be inoculated by anything made up by a Jew. He stated in the 'THE PROTOCOLS OF THE LEARNED ELDERS OF ZION' the Jews state that in some way they are going to numb the senses of the American people so they can gain control and destroy religion. He says the Salk vaccine is the answer. It leaves an after effect on the brain and in some way in years later it has a tendency to dull the senses. He also stated that an awfully lot of children have died from the vaccine and the doctors themselves refuse to give their own children the vaccine.

b7c "There was approximately 60 or 70 people present at the meeting. [REDACTED] was present at the meeting. I talked to a gentleman after the meeting but was unable to get his name. He has been a faithful follower of Dr. SWIFT and Mr. SMITH for a long time. He faithfully attends all the Oakland meetings.

"There is to be another meeting held in about three weeks.

She was then accused of being subversive and was taken to court. When she was taken before the grand jury to defend herself it was suggested she be given a test for sanity. She agreed to take the test. When she was given a test the test proved she was a very brilliant woman. That didn't satisfy the jury so they insisted she be taken to an institution where as Dr. SWIFT says, they can do almost anything to her without our knowledge by the Jews. A lobectomy could be performed leaving her without any knowledge of the cause she was working for or her patriotism. When they came to get her, the Sheriff threatened her and her husband with a gun because she resisted. When he did Mrs. MILLER went and got a gun and told them to leave. Mr. MILLER then called his friends to protect his family. The military was then called out. Dr. SWIFT claims they were probably United Nations men as there was no insignia on their uniforms. They used tear gas and force to break up the crowd and to apprehend Mrs. MILLER. They finally succeed in taking Mrs. MILLER and putting her in an institution. Dr. SWIFT states the pictures that were taken were deliberately taken to make her to look slovenly. After tear gas and force was used he maintains anybody would look bedraggled. Mrs. MILLER is actually a very meticulous person and is several months pregnant. That he said is what happens in our own back-yard AMERICA not Russia. Later Mr. MILLER was taken.

"Dr. SWIFT believes the majority of business establishments are Jewish owned. The name Jewelry was very appropriate. JEW-elry_

"There was also another short discussion on the SALK vaccine. In Protocol No 17 as he mentioned before, the Jews are going to try and destroy our people and

"He then started making nasty little remarks about President EISENHOWER. How stupid he is and how he was given several decrees to make him appear smart so he could run for office. Actually he has very little schooling.

"He then quoted scriptures from the Bible and spoke a few minutes on religion.

"There were approximately 40 or 50 people present. Reverend MAX CLARK said the closing prayer.

The Los Angeles, Calif, newsp. "Los Angeles Mirror-News," dated January 17, 1955, contains an article on page 2 col 3, entitled, "Their Business Is Selling Hate" by Richard C. Bergholz, political editor, which states in part:

"Locally, when Smith is out of town or otherwise tied up, the speaker who frequently replaces him is Dr. WESLEY SWIFT, an avowed clergyman and former organizer for the Ku Klux Klan."

"Swift, an accomplished speaker in his own right, spews the hate line with equal vehemence if not with Smith's eloquence. SWIFT works through the California Anti-Communist League, and the Anglo-Saxon Christian Congregation, at 940 S. Figueroa St."

"Swift and Smith are the two most vocal disciples of discord, pounding the racial and religious intolerance pitch, in our area. There are others, but these two command the most solid backing."

The newsp "The California Jewish Voice," dated March 18, 1955, contains on page 1, col 3-5, an article entitled, "Rabble Rouser Taps 71 Givers in Los Angeles for \$14,000" which states that the Americanism Commission of the Illinois American Legion has characterized Smith as "probably the most vicious of the rabble-raising and sensational hate-mongers operating today" and Wesley Swift as "a former Klansman" and also states that Smith disseminates large quantities of anti-Jewish material from a Glendale warehouse, and quotes the chairman of the Anti-Defamation League's Executive Committee:

"Under the guise of patriotism and devotion to the country, the Crusade in fact spreads dissension, discord, bigotry and intolerance."

On August 25, 1955, the informant furnished a two-page typewritten signed report of her attendance at a meeting of the Anglo-Saxon Christian Congregation, held on August 16, 1955, at Ebell Hall, Oakland, California.

This report, which has been filed in [REDACTED] is set forth verbatim below:

"Dr. SWIFT opened the meeting with a prayer. He made his usual snide remarks concerning the mass slaughter by MOLDOTOV and ZUKOV. 'EISENHOWER'S friends'.

"Dr. SWIFT confined his speech mostly to the Bible and the phenomenon of today. He gave several instances such as the strange appearances of flying saucers. One man was supposed to have seen one of these strange objects and carried on a conversation with the occupant of the saucer using sign language. The party in the saucer was not different than us in stature, but had to use an instrument of some sort to enable him to breathe. He indicated he was from Mars.

"Dr. SWIFT also stated the President publicly stated there were no such things as flying saucers in one breath and in another gave strict orders to the military not to fire upon any strange aircraft.

"He also brought to our attention several other instances of flying saucers pertaining to the rocket tests that were made at the White Sands, New Mexico. When one of our most important rockets was launched, two strange aircraft appeared, surrounding it and when it had disappeared beyond sight, it fell to earth completely disintegrated. A similar incident happened to one of our planes after several strange objects were seen.

"Dr. SWIFT then went into a lengthy talk on the strange appearances of excessive amounts of rainfall in limited areas also debris such as bone, parts of flesh, frogs, stones, falling from nowhere. He believes at one time a meteor or planet swept low over the earth and collected this water and debris which has been drifting in outer space for hundreds of years, and has begun to fall to earth as a phenomenon or warning that we are living in a very important era. He associated these phenomena with scriptures taken from the Bible.

"Dr. SWIFT related a strange thing he had seen. He was on a hunting trip with friends and they saw a mountain flying through the air at a terrific rate of speed above them. He later heard other people that had also seen this huge mass of rock flying over Mexico.

"Dr. SWIFT stated EISENHOWER was undecided about running for office because a man of his age probably would not live through the term, but if he did, he would make the two parties like one. He would have a Democrat as Vice President.

"Dr. SWIFT states they are going to try and make up a third party. They are going to call it the Liberty party, or something to that effect and put one of these highest people in as leaders. According to him, they had tried previously and failed.

"There were approximately 50 to 60 people present."

"Time: 8:00

"The meeting was opened with prayer by a man in the audience.

"Dr. Swift then spoke on his usual subjects. The stupidity of Eisenhower. How he sat and read comic books, trash that is being sold to our children, while degrees were being made possible for him so he could step into presidency. Dr. Swift feels the presidents heart attack was an act of God to remove some of the excess baggage from our government. He then introduced Dr. Rigler from Oklahoma.

"Dr. Rigler gave a fanatical religious speech on life and death. He also screamed his hatred and dislike for the Jewish people.

"When Dr. Rigler concluded his speech, Dr. Swift then again took the stand & gave a short speech on religion. He then told us his chauffeur had been brutally assaulted by the Jews and he was next on their list.

b7c
b7d On 11/1/55, [REDACTED], furnished the writer with a typewritten report of the meeting of Dr. WESLEY A. SWIFT at Ebell Hall, Oakland, California, on 10/25/55. This report, which is set forth below verbatim, has been filed in [REDACTED] b2 b7d

"As the meeting was opened, a prayer was offered by a man in the audience.

"Dr. Swift started his address by mentioning 'Mystery Babylon.' He discussed the 'international gang' who have taken us over; the system they have clamped upon us (which is about to blow up); loss of initiative among businessmen because of high taxation, possibility of war, United Nations and its political sell-outs, and doubtful relief (under present government) from high taxes imposed to subsidize foreign nations. In one way or another the Jews always benefit. Because of prevailing corruption in this country it resembles ancient Babylon. But Babylon fell. This country will not fall. It will be saved; people are beginning to study and understand the nature of the corruption and threat.

"He said, 'Why do we come here to Oakland to talk to you when we could be talking to thousands?' Because the victory will

SF 105-1790
DLC/lp

not be won by numbers of people, but by the quality of the ones we talk to. The victory will require prayer, study, and intelligent action by the enlightened.

"America is subsidizing Jews all over the world in various ways at cost to our people. The U.S. cannot do anything about it until the tax structure is changed. Present rates of taxation will mean death to this form of government if it continues.

"Roosevelt loaded the U.S. Government with communists and Jews, in important positions. He did it because he was told to do it, but he had an idea where he was going. Truman continued the same policy, but he wasn't so smart; he didn't understand political issues nor realize the significance of continuing the thing Roosevelt started. Truman had 'no vision' and did not know what he was doing. Eisenhower was a so-called educated man, but had gained his success by saying 'Yes' to the right people throughout his career. He continued to do as he had done before - merely 'following along the party line'. He was a Democrat, who voted only once, the Democratic ticket. Truman called him to the White House to 'bestow his blessing upon the next President of the United States.' Eisenhower was brought home from his last 'Yes mission' - his assignment with NATO - to become President of Columbia University, to gain the impression of dignity and learning, a final step in his buildup preparatory to becoming President of the United States. Because he was a known Democrat, the Democrats agreed to step down and let him be elected on the Republican ticket, since it was understood he would carry out their plans. They decided to run Adlai Stevenson on the Democratic ticket, so 'it won't make any difference who gets elected.'

"Dr. Swift remarked that Mr. Eisenhower is neither studious nor intellectual, though he holds many honorary degrees. 'With all those degrees behind his name, he would suppose that he is an intelligent man,' Swift said. But S's contact inside the E. ranks told him that E. spent his time reading funny books. (The ones we see on the newsstands). E. had an adequate staff at Columbia U. to do the work and make the decisions for him. He did not have to know much. So he lolled

CF 103-1790
LIS/lp

behind the scenes reading funny books while his staff made the decisions and did the work. On occasion he recited a few speeches which had been written for him. MacArthur's opinion of Eisenhower, he (S) said, was not complimentary. S. said that Mac. has forgotten more about military strategy than E. ever has known. But E. is an accomplished 'Yes man' so he arrived at the top, while men like Generals Patton, MacArthur and Stratemeyer - and others - were discredited and soon forgotten.

"Dr. S. discussed the termination of the fighting in Korea before the victory was won as an outstanding 'deal', and major blunder by the U.S. (Refer to p. 22 of October 1955 Cross & Flag (enclosed) where Marvin Stone discusses conditions following the Korean armistice. (This seems to me to follow closely Dr. S's thinking.) (See also Pars. 3,4,5,& 6, on p. 25 of the same issue, which seem to elaborate on Dr. S's remarks.)

"Dr. S. talked about the Geneva Conference; used the word 'Summit' with scorn. (See p. 23 of enclosed C & F) The gist of this article is very like what Dr. S. had to say about Geneva.)

"He said that if one of us should make a mistake on our Fed. Income Tax Return, we would be in serious trouble. But the Jew who 'fudges' on his income tax return (and gets caught) admits he has made a mistake, but says he can't pay the tax demanded, whereupon Internal Revenue settles the account for 10¢ on the dollar. 'Just let one of us try' for such a concession, he said.

"He mentioned communist aims re ASIA. I think his remarks were, in substance, about the same as Sen. Knowland's in his quoted article on p. 24 of the October C & F.

"Sr. S. told a recent incident regarding his chauffeur. It happened shortly after gangster Mickey Cohen was released from prison. One evening his chauffeur drove him from one hall to another to speak, and since Dr. S. did need him any more, he released the chauffeur for the evening. The chauffeur went home, and later was sitting in his living room reading, with his family about the house, when a car drew up in front of his house and stopped, but nobody came to his door. Later, curious, he went out on to the porch to see. Two men grabbed him, dragged him into the yard, and severely beat and kicked

SF 105-1790
DLC/lp

him, etc. He was badly hurt - 'just because he drove me from one hall to another -- this, in 1955!' -- Dr. S. said.

"Dr. Swift said that a short time ago we were close to losing our liberties. The stage had been set to admit Red China to the United Nations. Someone (a reporter possibly) announced that Pres. E. agreed, and that Red China was soon to be admitted to U.N. This reached print; caused a major public reaction against it. The State Dept. denied knowledge of such a contemplated move; said they knew nothing about it; had nothing to do with such a scheme, and denied all responsibility for the report.

"In belief that the above was to be accomplished, Jews had invested 18 billion dollars - to exploit and 'clean up.' They thought that soon Russia and R.C. together could say what the rest of the world could do. The stock market decline following Pres. E's heart attack, was where their dollars were invested. (The biggest decline in the history of the Nation for a like period, he said.) The market dropped 13 billion during the week following the attack, compared to 7 billion bigger dollars in 1929.

"President Eisenhower and his heart attack' he said. God has removed some who are unworthy from positions of power and influence; Churchill and Eisenhower, for instance. -- 'Two down, and 10 to go.' Dr. S. said that as the market fell, following the attack, he examined the Wall Street Journal and various trade journals to see exactly what was happening. He noted that the stocks of automobiles, airplanes, railroads, and certain stocks with which they (the Jews) could not meddle in this scheme of theirs, were not affected; those stocks were secure within this country, and not subject to international speculation. But the stocks that tied in with the Jewish 18-billion dollar plot - the great investment of money at strategic points to be ready to exploit all nations who would have lost their sovereign powers when R.C. entered U.N. and (because of numbers) with Russia voted in a WORLD-GOVERNMENT, which would make this and all others subject to, taxed by, worked by, and exploited by -- (in the final analysis) the Jews.

SF 105-1790
DLC/lp

"He mentioned that Pres. E. had been photographed earlier that day, and without doubt his picture would be in the eve. papers. Opinion: (He evidently has contacts - in high places. He doesn't walk the streets like ordinary people, but like GLKS, must be continually guarded, so I hear - so unless someone brought in the eve. paper to him - it's quite possible he had not seen it.)

"He said, 'When the American people realize what has been done to them' they are going to be angry and ready for action. 'I remember that a man once said, 'Give me liberty or give me death!' The American people are going to say 'Give me liberty, OR I'LL HAVE TO DO SOMETHING ABOUT IT.'

'In the Prophecies, the Jews were given 7 years' in Palestine. This is the 8th'.

'Now is the time and this is the generation.' We are the ones who have lived with a government which recognized the Constitution of the United States and the Bill of Rights. Young people now reaching maturity have been indoctrinated with communistic principles in their schools, through teachers and books, and through their friendship and associations. They are of no use in this cause -- they cannot help because they do not KNOW the real U.S. or what they would be fighting for. They are a generation without ideals.

"Dr. S. said - 'We are the descendants of Adam - the people the Bible was written for.' We will be delivered from our near-bondage as the elect of God. We are going to stay right here in this country into which God led our ancestors to establish the freedoms. We are not going any place else. We are not to be enslaved by anyone -- we are to be free. There has been much talk about Germany persecuting and killing the Jews during W.W. II. Germany knew what she was doing. There has been talk of our taking on the cause of the Jew and protecting him guaranteeing his security in his country - defending him from outside attack. 'To do this would be the greatest mistake this country could make.' It is not coincidence that Jews have lived in many countries, gone from place to place, because they were always despised, and were

SF 105-1790
DLC/lp

driven out. Long ago they were taken over by the 'Synagogue of Satan' -- they are the 'Devil's brood.'

"The meeting closed with a prayer by Dr. Swift.

"He said Emmett Till was not killed in Mississippi, but has turned up very much alive - in Los Angeles. This was another communist trick to underscore racial hatred between the white and negro population in the south. The body identified as Till's had been dead a week or more -- 2 days after E.T. disappeared.

"He spoke of Pres. E's liking and friendly relationship with Marshal Zhukov of Russia. The Pres. should be impeached, he said."

"Oakland - Tuesday, November 22nd, at 8:00 p.m. - Ebell Hall,
1440 Harrison Street, (1st floor; approx. 100 present)

Topic: Approaching Struggle for the Earth

"I arrived at this meeting 8 minutes late - bus irregularity - and the prayer had been completed, and a few comments made.

"Dr. Swift again talked about Chief Justice Warren, and said that some time during time he was Governor of California he was taken over by the Jews, the 'invisible government' and nothing good has been done by him since. He will not be a candidate for President of the U.S. because the Jews and Communists are probably paying him too well to remain where he is and to do what he is doing -- taking his orders from them.

"Dr. S. mentioned the 'packing' of the Supreme Court with negro and Jew sympathizers and internationalists, and he mentioned with discredit Justice Harlan.

"In some southern states, agreement has been made to pursue a policy of 'civil disobedience' with regard to the integration law. Oklahoma was one of the states he mentioned who would pursue the above policy.

"The Governor of one of the southern states put his income tax in escrow to be paid to the U.S. Government when/if the Supreme Court can establish that the tax is legally due and can be legally collected by the U.S. Gov. The Supreme Court, he said, has postponed final decision on the U.S. Income Tax issue because it is illegal confiscation of private property, and the S.C. knows it, but now by this act, a decision is to be forced, and the confiscation of private property should end.

"Dr. Swift spoke of crime increase in southern states, 'because of the onsegregation ruling.' He told of a number of white school girls recently 'thrown to the ground and manhandled by negro youths.' Also he told of a white boy whose 'throat was cut from ear to ear by a negro boy.' Such events as these 'prove the error' of the ruling, he said, if the good of America is to be considered.

"Traveling across country to or from the Tulsa conference in November, he noticed many large signs which read, 'U.N. or U.S.' Also he said there were many more NATIVITY scenes in evidence than he had seen in this part of the country before. He also mentioned seeing large pictures of the distant city of Bethlehem, the Star overhead, and the Wise Men making their way to the Christ Child. 'America's profession of CHRISTIANITY, which she must adhere to, if she is to survive.' - he said.

"He returned from the Tulsa Conference in the same plane with Lt. Gov. Harold Powers of California. Mr. Powers told Dr. S. that he had 'learned the hard way' about United Nations, and is definitely against 'world government.' Mr. P. said he had once been naive and thought good might come out of all these international relationships, but he has found out, from experience and observation, that there is none.

"Dr. S. said 'Not since the Korean war has this country been in such danger as it is in right now.' There is immediate danger

SF 105-1790
DLC:fra

of treachery; trouble could start in a few hours or days - any time. He said it could start in Berlin, North Korea, or both, or in some location strategic to control of the SUEZ CANAL. He said there is presently a move on to TIE UP THE SUEZ CANAL. (More on this later.)

"Dr. S. said we keep hearing about trouble and crisis inside RUSSIA. 'Don't believe it.' It is 'deceptive propaganda' of the 'Jew-controlled newspapers, radio and TV stations in the United States.' He said Russia is 'organized and getting ready for further expansion' backed up by fighting, if necessary.

"Dr. S. said - 'U.N. - last conference' - Russia wanted us to admit some of her satellites in exchange for certain settlements the United States sought. THE VOTES OF HER SATELLITES, TOGETHER WITH HER OWN (RUSSIA'S) WOULD NULLIFY OUR VOTES IN THE U.N!

"Regarding proposed disarmament agreements - Russia wants us 'first to prostrate ourselves' from the military standpoint, and after she sees this has been done, she (says) she 'will start to disarm.'

"Dr. S. outlined Russia's strategy in 'lining us up against our real allies' - those who could/would help us in time of trouble, so that we will destroy our own friends and natural allies and get them 'out of the way' thus clearing the way for Russia (wherever her plans work.)

"Dr. S. again talked about 'MYSTERY BABYLON' - spoke of the 'invisible government' which is fenagling our country away from us step by step. JEWS are the UNKNOWN LEADERS - so powerful they cannot be touched or stopped. They are the ones from whom HISS took his orders, and whom he could expose. Alger HISS knows and could name the people - in positions of influence in this country - who threaten this government with destruction -- but he won't tell. But things may now develop so that he will talk - as an alternative to 'going back to prison.' He knows, and could name and confirm the ones from whom he took his orders at the time the U.N. was created.

"'Jesus had one JEW DISCIPLE - JUDAS, who betrayed him - typically' Dr. S. said.

"He said more about the 'Invisible government' in the U.S. and of Communists threatening everywhere: 'The time is short' -

SF 105-1790
DLC:fra

"'Now we are told' he said, 'California and Louisiana, don't raise rice because BURMA raises rice, and if Burma can't sell her rice she will go communist.' Dr. S. said Russia now seeks to 'take over' Burma, and the theory is that Burma must have the rice market income to keep her from falling into communist hands. This is crippling strategy, he said, which the U.S. should know better than to follow.

"Dr. S. said 'This country is in hock to the Jews.' He said we are paying them interest on our national indebtedness. This comment was made during his discussion of Senator Tenney's article, 'The Terrible Power of the Purse', pp. 5, 28, 29, and 30 of Nov. Cross and Flag.

"Dr. S. said 'The Jew has said that he must have all the land between the Nile and the Euphrates. Take a look at the map -- that's a lot of land, with a lot of natural resources!'

"Dr. S. said we should 'stop fighting party politics and pick the BEST MAN from both parties for PRESIDENT OF THE UNITED STATES.'

"Dr. S. mentioned again that when politicians or statesmen begin doing harm to the U.S. 'they are removed in some way' from places of power.

"Dr. S. remarked that the Jew influence has progressed to the place that 'it is not permitted to sing Christmas Carols in the public schools here.'

"Dr. S. said JEWISH DOCTORS have been 'including calculated amounts of narcotics in prescriptions' for high school and college-age young people (gentiles), until 'at a predetermined time the need will be established,' and they will be 'put in touch with a source of supply.'

"Dr. S. said a LARGE PERCENTAGE OF DOCTORS IN THE U.S. ARE JEWISH. The prescriptions involved may be merely for colds. It's part of the 'plan.' Has reached the stage where alarm is in order in the U.S.

"Dr. S. said SALK POLIO VACCINE - could very well be another Jewish project aimed at weakening the white race of the U.S.

SF 105-1790
DLC:fra

Much damage has already been done - minor cases of vaccine-induced polio, and since polio in a large percentage of cases causes sterility, it may take considerable time to evaluate the damage done to the thousands of school children who have been innoculated with the Salk vaccine. (Salk is now confining his research to another field, Dr. Swift said.) He said Salk vaccine is made from the kidneys of dead monkeys. The Bible tells us not to introduce anything dead into our bodies. It is possible that this vaccine is a part of the 'plan' to destroy the white race.

"Dr. S. talked again about FLUORIDATION; said it also may be part of the 'plan' - fluoride introduced into the body tends to slow the mental process - to destroy initiative - to make its taker into a listless character 'more easily taken over by the Jew-communist.' Farmers have been warned of its bad effects on pigs and cows; 'if it is harmful to cows and pigs, why should it be fed to humans?'

"Dr. S. said, 'We are of different nationalities within the WHITE RACE.' 'The white people of the world are of the same race.' They are superior people, with superior intelligence, who have generations of high social standards behind them. They are endowed by God. He discussed the superior heritage of the white people of Europe, the Anglo Saxons, Scandinavians, etc. -- all one race, though of different national origin. He said that in these people there is a 'super-intelligence' passed on from one generation to the next, which needs only to be called into consciousness to be of use. It is superior to encyclopedias and libraries as a source of knowledge. He said that our people have the instinctive spiritual 'know-how' to awaken and use it. Because of this intelligence the WHITE RACE is progressive and successful. Up to now the White Race has instinctively preserved its superior heritage; whites have intermarried with whites (only) down through the ages.

"Now the JEW-COMMUNIST has set out, by whatever means he must use, to 'mongrelize the WHITE RACE, destroy its superiority, and enslave it.' 'This JEW has nothing to do with Israel. He is Asiatic. He came out of -- and still is IN RUSSIA!'

"Dr. S. said the 'plan' is 'to settle the matter of the whites' superiority at the bedroom level.' 'Mongrelization of the white race, the step next before enslavement, will be settled in the

SF 105-1790

bedrooms of the United States' if the 'plan' succeeds. 'What the negro really wants is not to go to school with our white children, but into the bed of every white person in America - that is the real issue.'

"We can't expect much from the negro -- 'After all, they were eating one another not so long ago.'

"The coming struggle, which is near at hand, is not just to be a 'war of ideologies; there will be physical violence - many lives lost.'

"America is the country of destiny - 'the new country promised in the scriptures, from which we will move no more.' There will be struggles, but America will be the victor.

"The meeting closed with a prayer - offered by Dr. Swift."

"Dr. Swift had made brief, unfavorable mention of Justice Harlan in his meeting of October 25 (and again on 11/22). [REDACTED] discussed this with me over phone - said the elder Justice John Marshall Harlan's wife was [REDACTED] grandfather's first cousin, and through her years of interest in him she feels she knows him, and resents having any reflection cast his direction. She said she knows the elder Justice Harlan was a fine American; Civil War Veteran - Union Army - who had no negro sympathy such as one finds today, though some, by reviewing his voting record, have tried to say he had. She said he merely had HUMAN SYMPATHY FOR THE SLAVE as such. [REDACTED] feels that Dr. S. is justified in criticizing the younger Harlan, and thinks it unfortunate that younger men don't always follow in their parents' footsteps of true patriotism. She brought to the meeting of 11/22 a picture of the elder Justice Harlan, and showed me and read aloud a letter written by him in Washington, D.C. re the political picture generally, and much about President Harrison, who apparently was quite a friend of Mr. Harlan's.

They were sent to those in command at the battlefields - stopped Gen. Mark Clark - practically ordered the commanders to leave the war. An officer came back to try to find out what had happened - found those who were supposed to have issued the orders and should have known, didn't know. On further investigation, found THE SIGNATURES WERE FORGED. 'The powers had almost succeeded, thanks to the presence of Anna Rosenberg at the Pentagon!' "Date - Nov. 22-55

Place - Ebell Hall - Oakland, Calif.

Time - 8:00

"The meeting was opened with a prayer by Dr. Swift. He spoke on religion & God's mysterious way of removing unwanted figure-heads from our government such as President Eisenhower. According to him the presidents illness is a blessing in disguise.

"Dr. Swift says that Christmas carols are forbidden in our schools. Particularly California schools which of course is another way of pacifying the Jews. He also maintains that vicious attacks by Negro boys have been made upon white boys. Also on several instances white girls have been forced by Negro boys to kiss them.

"Dr. Swift was also curious as to why flouridine in Crest toothpaste was undesirable for children under six years of age, why would it be put in our drinking water, of course, another trick of the Jews to weaken our minds and destroy the Christian way of life.

"Dr. Swift says you cannot barter with the devil so why is our country trying to barter with Russia whom as far as he is concerned is the devil.

"Another nasty little trick of the Jews according to Dr. Swift is the sale of barbituates to our service men. They are given to them as medicine to start out with and continually given to them until they become habit forming and the boys become addicts.

"The meeting was closed with a prayer by Dr. Swift.

"Date - Jan. 17/56

"The meeting opened with a prayer. Dr. SWIFT started his lecture by going into a very detailed account of the human mind. How the thinking of the mind can be detected on machinery. The power of thinking and its explosive ability. He eventually explained why he was explaining in detail on this subject as a group of people, no matter how small can perform wonders.

"He then explained the different positions of the planets and the importance of these positions. Mercury & Saturn are coming in direct line with each other which has not happened since the crucifixion of Christ. In that era when this event took place, floods and disasterous events occurred. Dr. SWIFT in his last meeting in December prophesied that there were to be disasterous events to take place this coming year and named the time within several days of the floods that are taking place now in Calif. He maintains that this coming year many other disasters will take place. There is to be a succession of earth-quakes. He also states that

Mars & Jupiter will come so close to earth we will be able to see the channels on them with the naked eye.

"Dr. SWIFT then went into his dislike and hatred for the Jews. He said there are white Jews, red Jews, black Jews and yellow Jews but as far as he is concerned they are not God's children and never will be. They were scorned by Christ and told to leave his presence.

"He then told us of the rocket heads being perfected by the enemy and eventually will threaten us but it will be by the Lord's hand we will be protected. Our country couldn't possibly fully protect us. Regardless how hard we tried a certain amount would reach their destination.

"He then brought to our attention the article about Senator Knowland in the issue of the Saturday Evening Post magazine.

"Dr. SWIFT had a Jewish publication of a paper and read to us an article which supposedly was attacking different Christian business places. They were attacking them because of the signs they were displaying, advertising Churches nearby. Dr. SWIFT and his movement are going to contact different business places that have to carry the Kosher star and have them remove it. If the Christians can't display signs recognizing the churches they shouldn't be allowed to display their symbols, The Jewish Kosher Star. Dr. SWIFT told us of the little story of a German man that started a business, named HEINZ. When he started in business he was approached by the Jews and told to use the Kosher star on his products or else, and to this day you still see the star on HEINZ products.

"The meeting was closed with a prayer by Dr. SWIFT.

of small wax models, in possession of, and
photographed at MGM Studios. A Chief of

MEMO

"Most of this meeting was devoted to the HERALDRY of this nation. He discussed the symbols shown on our U. S. Seal and the coins - and the wisdom of George Washington and others who worked with him in developing and approving the designs. I would guess that those acquainted with Free Masonry would better understand these symbols. But the symbol he stressed - the symbol of the U. S. - the EAGLE - a kind which is now to be found only in this country (significant) is a thing he understands because as a boy, on the Hudson River Palisades, he spent much time watching eagles and studying their habits. He has seen the eagle go up through a storm, soar above it, and remain above it until the storm subsided - a description of what this country can (and will) do. It builds is nest high in safe places, with rugged construction. Told how the eagle teaches her young to fly; first she demonstrates, then pushes the eaglet out of the nest and watches. If the young eagle proves unable to fly, she flies under it and lifts it on her wings safely back into the nest -- for another try later. This is the story so like what God is doing with this, his chosen country, and the white races of this nation -- His children. "

He was informed of the Bureau's strict policy involved and that the statement allegedly made by him was completely erroneous. He said that he is certain he made no such statement at any of his meetings and that, in fact, only a few intimate persons, his wife, GREER, and his attorney, knew he met Mr. BELMONT in Washington. He said that he had accompanied GREER on a purely friendly visit to the office of Mr. BELMONT who at that time made it perfectly clear that because of his official status he could express no views whatever on political matters. He said that he has never desired to say anything that could in any way embarrass the FBI or any of its officials and that under the circumstances he could not have truthfully said anything (much less desired to) that would in any way embarrass Mr. BELMONT. He said that he has cooperated with the Internal Security Sub-Committee and some Government officials interested in keeping the United States "conservative" and that it is quite possible that some confused individual attending his meetings mistook his statements regarding such cooperation as applicable to the FBI. In conclusion, he offered his future assistance to the FBI whenever desired.

DR. WESLEY A. SWIFT, INFORMATION CONCERNING
(INTERNAL SECURITY).

An airtel dated 6-14-56 from San Francisco states a security informant reported that on 5-22-56 Dr. Wesley A. Swift, speaking before Anglo Saxon Christian Congregation, a rightist organization, 1440 Harrison Street, Oakland, California, where about seventy persons were in attendance said he had talked to an FBI official in Washington, D. C., who told him, Dr. Swift, that he, the official, was in full agreement with Dr. Swift and his associates.

Bureau files reflect that offices receiving this communication have pertinent background data concerning Dr. Swift who is a resident of Lancaster, California. The files also reflect that on 5-2-56 Dr. Swift called at the office of Assistant Director A. H. Belmont, accompanying one Hugh Greer, whom Mr. Belmont had known as a boy over thirty years ago in San Diego, California. Dr. Swift and Mr. Greer stated, shortly after their arrival, that they were in Washington, D. C., on anticommunist matters inasmuch as they represented a combination of groups in California, including Gerald L. T. Smith's American Christian Nationalist Party. In view of this, Mr. Belmont's conversation was extremely guarded and, insofar as possible, the conversation was kept on trivialities. A review of the files did not disclose any information identifiable with Hugh Greer. The files disclosed that Dr. Swift has reportedly been connected with the Ku Klux Klan, with Gerald L. T. Smith, and that he is bitterly anti-Semitic.

Los Angeles Office is instructed to have two experienced and mature agents contact Dr. Swift as soon as possible. He should be informed that the contact is being made as the result of referral of information to the Bureau that while giving a talk on 5-22-56 before an organization at Oakland, California, he made a statement that an FBI official in Washington, D. C., with whom he had talked expressed full agreement with him and his associates.

He should be clearly informed that if he made such a statement the statement is completely erroneous inasmuch as during his visit at Mr. Belmont's office on 5-2-56 with

Mr. Greer no remark was made by Mr. Belmont indicating agreement with him, Dr. Swift, or his associates. It should be pointed out to him that the Bureau as a fact-gathering agency has always followed a strict policy of not making evaluations or drawing conclusions as to the character or integrity of any organization or individual. He should be emphatically told, if the reported statement was made, to cease and desist from making such a statement and from involving the FBI in such a manner.

The date and results of the contact should be furnished promptly to the Bureau.

The topic was listed as "Unpublished Facts concerning The World Crisis being Precipitated by the Twins of the Anti-Christ; Communism and Zionism". This affair was being held under the auspices of the Christian Nationalist Crusade.

This informant also made available on this date a business post card reflecting that Dr. WESLEY A. SWIFT would speak on July 15, 1957, at the Native Son's Hall, 444 Mason, San Francisco, California, his topic, "The Myth of Anti-Semitism"

The card further indicated that SWIFT would speak at Ebell Hall, 1440 Harrison Street, Oakland, California, on July 16, 1957, his topic being "The Earth Cries Out." The pamphlet and post card furnished by the informant were destroyed, since their retention would serve no worthy purpose.

This item discusses the flight of Soviet fliers VALERIE PAVLOVITCH CHKALOV, GEORGI PHILLIPOVITCH BAIDUKOV and ALEXANDER VASSILIEVITCH BELIAKOV from Moscow, Russia to Vancouver Barracks, Washington, in June, 1937, where they were greeted by General MARSHALL on June 20, 1937.

(This eye-witness report was written by a local trade unionist who heard that the meeting was scheduled and decided to cover it. Considering the circumstances, we will not give his name, but we can and do vouch for his integrity. Please read 'AFL-CIO Exposed Radical Right's Anti-Labor Bias,' in this issue. Ed.)

The underside of a rock was exposed for a few hours last Wednesday, March 30, at a meeting housed by San Jose's YWCA, and we took the opportunity to view the grubs and worms of the racist rightwing here in our home town.

The gathering was listed on the YWCA bulletin board simply as "Bible Study," and was attended by 35 people ranging from the very young to the very old—most of them above 50. The literature available at this meeting was as full of bigotry as that of Gerald L. K. Smith.

The speaker was not introduced, but he gave his name frequently during the course of his tirade, referring to himself in the third person, generally as the authority on the many subjects he discussed. He is Dr.

Wesley Swift, apparently a minister of some church which was not named. He slithered into this community on a regular monthly round of talks which he gives throughout the state.

Dr. Swift is a squat bull of a man, with shoulders that ripple

and twitch during the course of his wordy torrent. From time to time he darts forth an accusatory finger to make his point. His eyes are deep and piercing, his wide mouth is never still during the two-hour flood of hatred.

The yellowed room was stifling, overfilled. The heat caused beads of sweat to flow down the speaker's face, yet he never once paused to take a drink of water. Not once did he break

the rhythm of his words, a rhythm that was infectious, causing members of the audience to rock back and forth as if in prayer meeting, punctuating his prejudices with amen.

Dr. Swift spewed forth the whole spectrum of hatred which study of us consider to have passed into history along with Adolph Hitler. The themes aimed at by Dr. Smith are "the Jew-communist conspiracy,"

"the plot of U.N. Jew-communists to take over the U.S.," and the "Communist-Jew plot to promote mongrelization of White Christian race." He makes no apologies for a blatant description of White Christian superiority, and looks upon the others as sub-human.

Among his many bald statements of "fact" are the following:

But for 3 members, the (late Kennedy administration) Jewish and in control of an international Jew conspiracy.

The mental health program of the Kennedy administration nothing but a plot to take over the American people and reduce us by electronic-psychological means.

Dr. Smith attributes this bit of intelligence to an "authority," Hitler's personal neurosurgeon, who he smilingly says met with him in Detroit in 1967.

The United Nations is gathering troops in Georgia for an imminent takeover of the United States, and they are doing this with the sanction of the Kennedy administration.

There are several Jewish plots to subdue White Christians by psychological and chemical means: through fluoridation of water and the use of chemicals in preserved foods.

These are only a few of the "facts" presented. To go further and describe the rest would be to venture beyond the limits of credibility. 2

...at the ...
We're all in this together, and
we can win!

This group could be laughed
off as a pack of idiots, were it
not for the fact that when it
comes to letter-writing cam-
paigns, they are among the
most successful groups in flood-
ing legislators with venom-filled
mail.

They could be brushed aside
if it were not that they partici-
pated in promoting one-third of
the total Congressional vote for the
anti-Communist Prop. 24 in the
last general election.

We need not give this group
of native fascists a second
thought, if there had not been
a historical precedent in Ger-
many 25 years ago.

Dr. Swift boasted that they
had already set up electronic
machinery for mailing to five
million homes. Their equipment,
he said, was given by an air-
line company and an electron-
ics company.

The meeting ended with a
low-keyed pitch for money. Ap-
parently they have monetary
support outside of the nickels
and dimes that were handed in
at this meeting—and this is
what makes them potentially
dangerous. The Nazis were once
laughed off as fanatic militants,
until they captured the sympa-
thy and support of many big in-
dustrialists and precipitated the
blood-bath of World War II.

...a rambling piecemeal
interjecting calls for
throughout his tirade. It is
prime importance to this group
that their sympathizers arm
themselves with rifles to coun-
ter-attack the United Nations.

Along these lines, the "stable
study" leader quite casually
throws out the thought that it
"would be a good idea to blow
up the U.N." In addition, he ad-
vocates sending letters to gov-
ernment officials to obtain our
membership in the U.N.

He favors military action
against the U.N. and against
communism. That this would
trigger a nuclear war bothers
Dr. Swift not in the least. He
says that White Christian Amer-
icans will be protected by God.
We are the tall, unbear-
ed Christians for whom the King-
dom of Christ on earth is re-
served.

Dr. Swift favors impeachment
of Supreme Court Justice Earl
Warren and advocates opposi-
tion to integration by violence.
"If my house is integrated,"
says Dr. Swift, "they might get
in, but they'd never get out
without a coroner."

The speaker boasted of his
close ties with James B. Utt,
Congressman from Southern
California, and praised labor's
enemy, Barry Goldwater. He
spoke hopefully about the po-
tential success of the American
conservative movement.

"We're in different organiza-
tions," he said, "but together
we make up one-third of the
American population. I don't
care if the organization is the

'We Don't Want Him'

Ban On SC 'Hate Preacher' Eyed By SES Hall Officials

Directors To Consult Attorney

"Hate Preacher" Dr. Winley Swift is no longer welcome to speak in Santa Clara's S.E.S. Hall. Swift, who rented the hall here during the past three months to make "current events" talks but was exposed in The Journal last week as instead preaching hate for Jews and Negroes, was the subject of a special meeting last night of the S.E.S. Corporation directors.

"We definitely don't want him in the hall," S.E.S. president Frank Perry, 1845 Scott Blvd., told The Journal today.

The seven-man board of directors, however, took no formal action pending consulting an attorney, Perry said.

Directors want to make certain, he said, "there are no strings attached" to barring Swift from a hall they consider open to "public" rentals.

"But if there's a possibility, that man's automatically out."

Directors will contact legal counsel today, complete an "investigation" of Swift, and then call a special meeting to take action.

The meeting is to be held prior to Dec. 18, the night next scheduled for Swift to speak.

Perry said S.E.S. officials had no idea Swift

... and S.E.S. officials had no idea Swift—who identifies himself as a minister of the "Church of Jesus Christ, Christian"—preached a racist, neo-Nazi, white supremacy doctrine.

Swift rented the hall, at Lewis and Lafayette streets, for \$4 on Nov. 20. He also spoke here in September and October.

Swift's church was incorporated in the Los Angeles County Clerk's office, The Journal learned, in 1944 as the "Anglo-Saxon Christian Congregation." An amendment changed the name to its present title in 1952.

Swift, of 1252 Fig St., Lancaster, is listed as a director with E. Clifford Deaville, of Los Angeles and Bertrand L. Compaet of San Diego.

Church meetings are conducted in the Hollywood Woman's Club, Hollywood.

Swift has been identified as a former Klansman, a "known rabble rouser," and "The West Coast's most vicious 'hatemonger'" in an American Legion publication quoting remarks of Rep. Sidney Yates of Illinois.

Swift spoke here Nov. 20 to a group of 35 persons who applauded remarks that "The Negro is in no way equal to the white man . . . (and) Jews are responsible for all evil ideas and evil deeds in our time."

Exposure of Swift's doctrine—as preached here — caused a ground-swell of resentment in Santa Clara. Mayor Frank Keller, in a letter to The Journal, labeled Swift's talk "Fifth and Dies." Scores of Santa Clarans swamped Journal switchboards, others wrote letters (see Editorial Page).

After Swift's talk he told The Journal he was not certain if he would speak again in the SES Hall, but that he or one of his church would speak "somewhere in Santa Clara."

Swift formerly spoke in San Jose's YWCA, but on March 20 was barred from use of the building.

A Preacher Of Hate at Christmas

Bay 'Sermon'
By Dr. Swift

By JERRY BELCHER

Wesley A. Swift, who calls himself a Christian and a minister of God, was in the Bay Area again this week on a mission of malice.

He is a preacher—and no one who has heard him can deny that he is a dynamic and forceful one.

But his ministry is a ministry of hate, his preaching sermons of suspicion and fear and bigotry.

Swift—he styles himself Dr. Swift, minister of the Church of Christ, Christian—is from Lancaster in Southern California. His regular pulpit is in Hollywood. But every month he rides a circuit to spread his poisonous "word" to Northern California.

RACIAL HATRED

This week, in the season of "Peace on Earth, Goodwill Toward Man," his circuit brought him here once more to:

- Preach hate for Jews.
- "Reveal" a sinister "left wing conspiracy" which resulted in the assassination of President Kennedy, who, he said, was no longer useful "tool" of the Communists.

- Warn that Jews may try to kill Pope Paul VI when he visits the Holy Land.

- Boast that before the next year is out his "truths" will be carried to five mil-

lion Americans on tape recorded messages and to other millions by radio.

SLIM AUDIENCE

Swift spoke before about 70 people Monday night in a hall rented from the Native Sons of the Golden West in San Francisco. A like number heard him Wednesday night at the Key System Building in Oakland.

He was scheduled to speak last night at a meeting in Santa Clara County—but the place was kept a close

guarded secret, probably because fraternal organizations which previously had rented halls to him cancelled him out after they learned his message was.

In San Francisco and Oakland, his audiences were made up largely of elderly people—most of them women. There were a few young men, one of whom was assigned to keep a watch on a newspaper reporter.

BURSTS OF WORDS

Swift, a short, bull-necked man with a fiery temper, fires machine-gun bursts of words at his listeners. He has a penetrating stare from one student to another.

He gets his message

And his continuing message is as a one-time associate of Gerald L. K. Smith and a former Ku Klux Klan organizer, he is one of anti-semitic, isolationist, white Christian supremacy.

Currently, his message is:

President Kennedy was a tool of the left wing "Harvard Socialists" and was assassinated because they were convinced he would be defeated in the next election and was therefore expendable.

Dr. Harvey Oswald, his accused assassin, was a Soviet agent, according to Swift, and Jack Ruby ("Ruben-berg," he stressed), a left-wing Jew from Chicago who "liquidated" (Oswald) to keep him quiet.

THE COLLECTION

At the Oakland meeting, Swift elaborated on the same theme. "He (Kennedy) sold out to the Reds and when they were through with him, they killed him."

At the end of his session, Swift took a collection of money to finance his crusade to expose such "plots."

He said his "tape program"—under which his sermons are recorded and distributed to "right" thinkers—now reaches 2,500,000 Americans, will reach 5,000,000 in the next year. And, he revealed, he will begin broadcasting his word from a Mexican radio station next month.

He ended his meetings in prayer.

'Phantom' Airforce Girds to Attack Cuba

WASHINGTON

President Kennedy and his foreign policy advisers are becoming deeply involved in some intriguing but conflicting machinations with anti-Castro raiders in the Caribbean.

With the full knowledge of the White House and Central Intelligence Agency, a "phantom" airforce is being quietly organized on the territory of a strongly anti-Castro government in Central America for sneak raids on Cuba.

Ten B-26s and five B-26 light World War II bombers were flown to the "phantom" airforce's secret Caribbean airbase after being purchased in the U.S. Surplus World War II bombs and rockets also were obtained here.

Manned by a mixed group of anti-Castro Cuban refugees, Latin Americans and Americans, this small air force has staged one successful raid, an attack on a Cuban chemical plant, since its organization more than two months ago.

The "phantom" airforce is not under U.S. control although the CIA is trying desperately, but so far without success, to regulate and limit its operations.

In direct contrast to this bold venture, U.S. Customs and Immigration officials on direct orders from President Kennedy are tightening their iron-fisted ban against Americans privately helping anti-Castro raiders throughout the Caribbean.

Already a half-dozen U.S.

citizens, including two who undertook daring raids in 1961 for the CIA, were summoned before U.S. Customs officials at night and formally warned that their activities were considered "contrary to the interest of the U.S."

In one instance, D. F. Cardona, supervising Customs agent of Rorke II, called in Alexander Rorke, Jr. of New York, who made headlines last April by bombing an oil refinery outside of Havana, and threatened him with fines of \$5,000 and two years in jail if he continued helping the anti-Castro raiders.

When Rorke demanded to know who had authorized this warning, he was bluntly told: "It comes directly from the Great White Father in Washington — President Kennedy."

In addition to this unusual threat, the White House succeeded in grounding the last of Rorke's two planes — being used as air cargo carriers — by having the State Department cancel his "sojourn" certificate that permitted flights to the Caribbean.

But even before this certificate was officially voided, U.S. Customs officials invaded a private Florida airfield and threatened to shoot the tires off Rorke's plane if his pilot, Geoffrey F. Sullivan, tried to take to the air.

o o o

These baffling developments in U.S. Cuban policy come at a time when a reliable Cuban underground source is circu-

lating an almost unbelievable story of a coming Cuban crisis that will again shake the world.

According to this story, which cannot be confirmed by any other source, a controlled uprising in Cuba during the summer of 1964 is being secretly organized by certain officials in Moscow, Havana and Washington.

The plan provides for Soviet troops in Cuba to be used to put down, with little bloodshed, the "staged" uprising, causing President Kennedy to send U.S. troops to the island to fulfill his public pledge that he would never permit a "Hungary" in Cuba.

Faced with a possible nuclear war over Cuba, the United Nations would call for a cease-fire to which both the U.S. and Russia would promptly agree. The post-crisis settlement would include the setting up of a coalition government, including Communists, in Havana. The U.S. and Russia would then use the new "atmosphere" for a series of new disarmament agreements, including the establishment of a nuclear free zone in Latin America.

Under normal circumstances this column would not report this fantastic story — except for the reliability of the source, who in the past has furnished accurate information on Cuba and U.S.-Soviet relations months before the events actually.

"GIVE ME YOUR GUNS"

From CLOSER UP, Sept. 27, 1963

Closer up

Now-- if a State is to be disarmend, it follows as night follows day, that the individual citizens of that State also must be disarmed.

Much has been written in the past about the move to demand the Federal registration of all personally owned arms. Such legislation has been introduced in Congress, and the National Rifle Association has been most active in trying to alert the people to the danger of such legislation. The founding fathers knew of the Danger, and therefore added to the Constitution, Article Two of the Bill of Rights.

However, even more sinister than Congressional legislation on the subject, is a plan recently uncovered and publicized by On Target, official organ of the National Minutemen. The report can be checked, and has been, by others, and seems thoroughly authentic. Because of its importance we reprint that report:

* * * * *

"IMPORTANT: This report is about the International Arms Control Symposium that was held in Ann Arbor, Michigan, from Dec. 17 through 20, 1962. One of our men attended this Symposium and informed me that one part of it pertained to the control of private arms owned by the civilians. This man states that this group has drawn up

plans to confiscate all private firearms by the end of 1965. I do not know all the details, however. I understand that this will start in the Northwest section of the US, and States will be blocked off by troops and no one will be permitted to travel out of these States while these private arms are being confiscated. After this area has been cleaned, another 5 States will be cut off from the rest of the States, and the procedure continued.

"One week after this symposium was called to a close, I heard on Station WHRV, Ann Arbor, Michigan, that the 'International Arms Control Symposium, co-sponsored by the University of Michigan and the Bendix Corporation (Bendix System Division) had been given four million dollars to continue their research on disarmament.' (End of radio report).

"With utmost and nearly complete news blackout a massive new program has been launched to disarm all American civilians, including State and local police, as a first step toward control of the general population by a communist-socialist dictatorship.

"This new scheme includes such ambitious treachery--and has the support of such influential people--that it is almost incredible. For this reason we have spent over nine months in documenting every detail of this new threat.

"For many years the faculty at the U of Michigan has included a number of egg-head 'intellectuals' whose apparent ambition is to see their country disarmed and defenseless before the continuing spread of communism. Notable among the faculty members are Kenneth E. Boulding (another of his pet projects is the establishment of a 'United Nations University'), Profs. David J. Singer, Norman Thornburn, Thomas Lough, Stephen Withrow. This new plan for total civilian disarmament

"On Dec. 17, 1962 this 'plan' suddenly jumped from the category of a harmless pipe dream into a full grown and extremely dangerous threat. The Symposium was attended by nearly 400 influential representatives from Government, industry, organized labor, various scientific groups, churches, public relations groups and educational institutions.

"These included executives from such well known industrial corporations as Chrysler, Raytheon, North American Aviation, Douglas Aircraft, Lockheed, General Electric, Chance-Vought, etc. Among those attending were several representatives of the US Arms Control and Disarmament Agency, officials from the Department of Defense, a few of our more 'liberal' Senators and Congressman, a diplomatic representative of the Russian Embassy, Walter Reuther, religious leaders of several denominations, professors from over a dozen universities, and members of numerous

left-wing peace groups and communist front organizations.

"During this Symposium a Minuteman attended all of their meetings, took notes on all the lectures, obtained copies of all their printed material and, most important of all, a complete list of every person that attended the affair.

An Assignment given to me this date, and that is 12-17-63, at approximately 11:00 A.M. [redacted] in regard to the supposed meeting place of the individual known as Dr. Wesley Swift, more commonly known as "The Hate Preacher,"

It was given that the possibility arose of two possible meeting places to be on the night of the 17th or the night of the 18th. One was the Napredak Hall on Lawrence Station Road, the other the Christian Church at 1750 Catharine in Santa Clara. No other information was available. I personally checked these aforementioned places and every available hall, church and store that I could gain knowledge of in the City of Santa Clara with negative results. A contact was made for general information from [redacted]. He related to me that he had no knowledge as to where this meeting was to take place.

One of the individuals that was asked was [redacted] of our city. On December 18th at approximately 7:15 P.M., on the chance that Dr. Swift would return to the S.E.S. Hall, I took up a point of surveillance at Lafayette and Levis. A check revealed that a Portuguese meeting for the purpose of playing bingo was in progress. No other meetings were scheduled for that night.

At about 7:30 several cars pulled up and parked, the individuals going to the main entrance to the building and stood there on the side walk talking. The cars these individuals arrived in were observed and the license numbers taken down. 7:45 no increase in traffic and at 7:55 there was no increase in traffic. I decided to check one possibility of a meeting place in the area of Bascom and Moorpark in San Jose. We were unable to determine from that check the location of the meeting.

b7c
b7D

I returned to Santa Clara about 8:15. One individual left this group and departed. This was a '63 Rambler Station Wagon bearing California License [redacted], registered to [redacted] residing at [redacted], Santa Clara. I then decided it might be worth my while to close in on this group on foot as it was observed [redacted] was standing with them. As I went by I stopped and talked to [redacted]. No introductions from anybody took place. I more or less stayed on the sidelines and listened to the conversation as it went. One of the individuals doing the greater part of the talking was [redacted] Brookdale, California. This is a community in the Santa Cruz mountains. [redacted] was in the company of a young man and a young lady. The young lady could very well have been his wife. As I stated previously no introductions took place. He was driving a '63 Porsch bearing California License [redacted]. It was gray in color.

The conversation roamed around Dr. Wesley Swift, of his ability to tell the people of America the truth about Judaism and negroes. For instance he mentioned that the Jews were responsible for the financing of the Bolshevik Revolutions. He stated that this is a little known fact but that Dr. Swift had the times and the names and dates. He stated also there at this time he was talking directly to [redacted] that he had tape recordings of these facts and pamphlets that would correct the average individual's way of thinking to the true light of the situation and that he had arranged, while I was there, to mail these to [redacted] for his own analysis. They were then to be mailed back to him. [redacted] gave [redacted] his address and he was advised by [redacted] that he would post him of the next coming meeting place and its date.

The following day on the 19th a check was made of the background of [redacted]. It was learned that he was born [redacted] on [redacted]. He is described as 6'1", 170, black hair and brown eyes, very neatly dressed.

[redacted]

[REDACTED]

Also during the course of the conversation the night of the 18th the name of Rockwell was brought up. Now just how it entered into the conversation I don't know and what it was pertaining to I don't know, but Rockwell, to my knowledge, is the head of the Nazi party in America. Information has it also that [REDACTED] is involved with the distribution on street corners of anti-Semitic literature.

Another individual brought up at the meeting on the street was the name of [REDACTED] described as 6', 170, brown hair, brown eyes, DOB [REDACTED] in [REDACTED] is described as [REDACTED] of Dr. Wesley Swift and his organization. It has been established that on the renting of halls, the mailing of memberships, notices all come from [REDACTED] His local address is [REDACTED]

Now as far as Dr. Swift is concerned a complete check is being run on him at this time. He is described as 5'7", 165, brown hair, brown eyes, born 9-6-13 and upon occasion wears glasses to see and always wears glasses to read. His home address, which is also his headquarters, is 44616 North Figueroa, Lancaster, California. He claims to be a minister of the Christian Church of Christ of Hollywood, California. However, a check with the Council of Churches here in the area of San Jose reveals no such name on their roles. He is an admitted member of the Ku Klux Klan and an admitted member of the American Nazi party. The night of the 17th Dr. Swift spoke in the City of Oakland, where they have permanent headquarters, address unknown at this time. It might be also well to note that they have permanent headquarters in the City of San Francisco and by the meaning of permanent it is understood that they own property and all. This information should be forthcoming.

It is understood now that a meeting for the Santa Clara area will take place in approximately two weeks as stated by [REDACTED] ^{also} advised that they have no intentions whatsoever of giving up the City of Santa Clara as a meeting place. Additional information will follow.

(For corresponding information refer to department intelligence files dated 12-17-63).

Since the aforementioned report continuous and complete investigation has brought to light the method in which this individual operates. For example, on what is known as a Valley Forum, this information was revealed--The Valley Forum bears a self-affixed label as a study group. The motivating forces behind this group are [REDACTED] of Saratoga, California; [REDACTED] of Campbell, California; [REDACTED] of [REDACTED] of Los Gatos; and a subject still unknown to this officer, but his first name is [REDACTED] and he is [REDACTED], who is apparently one of the organizers of the organization, recruits small groups of 10 to 15 people in the guise of learning about Communism. When a group is completed they participate in a study of Communism, conducted in private homes. The Valley Forum can be defined as a closed study group, which you cannot join after the group is formed. One group met for a period of 8 meetings of approximately 2 hours each. The meetings consist of listening to tape recordings of selected speeches and movies, and doing prescribed selective readings. A list of such materials involved in the course is as follows:

1. A tape of a speech by John Edgar Hoover, accompanied by a movie.
 2. A tape of a speech by Senator Dodd.
 3. A tape of a speech by Cleon Skousan.
 4. A tape of a speech by Herb Philbrick, who was an FBI undercover agent against the Communists for the FBI for a number of years.
 5. A tape of a speech by Ronald Reagan, movie actor.
 6. A tape of interviews of U.S. military personnel who have been prisoners of war and brain washed by Communists in North Korea. The interviews on the tapes were conducted by U.S. Army psychiatrists, being used to show the Communist technique of brain washing.
 7. A tape of a radio commentary by Dan Smoot.
 8. A tape of a radio commentary by Dean Manion.
 9. A tape of a radio commentary by Fulton Lewis Jr.
- b7c
b7D
7/18/00 39063 ELW/JAR/GW
920293

Among listings of selective readings would the following:

1. The book entitled THE NAKED COMMUNIST by Cleon Skousan.
2. A book entitled TOWARD A SOVIET AMERICA by a William J. Foster.
3. A book entitled MASTERS OF DECEIT by J. Edgar Hoover.
4. Publications of a U.S. Senate Internal Security Committee.
5. Publications of the House Un-American Activities Committee.
6. Excerpts from the newspaper HUMAN EVENTS.
7. Readings from columns by William Buckley and David Lawrence.

Strict, reliable information has it that to date some 50 such study groups exist, 2 of such groups in the City of Santa Clara. Suggestions follow the completion of the so-called study groups. One of the original organizers will suggest the items of certain lecturers, such as William Buckley, Harry Von Zell, Fulton Lewis Jr., and Senator Tower. While the foregoing appears to be quite innocent, the thought occurs that the following could easily be implemented:

1. Offer a legitimate and solid indoctrination on Communism as outlined herein.
2. Have students develop the habit of responding to the organizer's suggestions that they go and listen to certain selected lecturers.
3. These lectures could be above reproach, and then in an automatic response to such calls, develop lectures by tainted speakers, which could be recommended, progressing to the extreme in this respect.
4. Once organized, receiving a number and identification of some sort, giving the organization a hold on the individual, possibly through an entire lifetime.

(Dr. Wesley Swift)

Apparently there is a wide-spread organization of this type, at this time, in the development stages at Lockheed in Sunnyvale. One such meeting took place in July, 1963 at the residence of one previously-mentioned [REDACTED], San Jose. b7c
The main speaker at that time was Reverend Wesley Smith (The Hate Preacher) who has now, by his own admissions, become an advocate of damning the Negro, Jew and Communist. b7D
Another organization that is somewhat attached to this Swift Organization, and which I have not yet been able to conclusively prove the attachment, is one organization known as Minutemen. I am working on this end of the investigation at this particular time and will have additional information forthcoming.

b7c is an avid gun collector. [redacted] displayed records of the store reflecting the existence of an account which SWIFT has with the above store and listing his residence address as 44816 North Pig Avenue, Lancaster, California, and his "firm address" as 940 South Figueroa, Los Angeles, and his title as "minister."

b7c [redacted] stated that SWIFT comes into Abercrombie and Fitch about once a month to see if they have any new guns or to order a gun if a new one has been put on the market by a particular company. He has at this time a handgun on order from Abercrombie and Fitch which has not as yet been supplied to retail outlets. SWIFT attempts to get guns with a very low serial number, since they become more valuable as a collector's item than the ones with a higher serial number.

b7c [redacted], as well as [redacted], a salesman at Abercrombie and Fitch, characterized SWIFT as a "racist" who hates Negroes and Jews. They stated that SWIFT has from time to time expressed his views on the subject of Negroes and Jews and they consider him an obsessed individual on this subject.

b7c Concerning [redacted] San Francisco files reflect that [redacted] in 1958 while living in Auburn, California, had Federal License [redacted] as a legitimate dealer in firearms.

b7c An officer of the Santa Rosa, California, Police Department, who is well acquainted personally with [redacted] reported in October 1958 that [redacted] was at that time a life member of the National Rifle Association and that he was a real "nut" as to old guns and rare cartridges.

b7c On 6/25/63, [redacted] U. S. Postmaster, Santa Clara, California, made available business cards of the Deutschland Ordnance Company. One card bore the name of [redacted] Santa Rosa, California, and also the name [redacted] Sebastopol, California. This card states, "Offensive and Defensive Military Combat Equipment." A second business card notes the address Post Office Box 801, Santa Clara, and indicates that "ammunition, uniforms, firearms and manuals are available."

In view of the above, it would appear that SWIFT's association with [REDACTED] is due to their common interest in guns.

San Francisco files reflect that SWIFT has been holding meetings at the Native Sons Hall, 414 Mason Street, San Francisco, off and on since approximately 1954. His main theme at these meetings has been anti-Negro, anti-Oriental and anti-Semitic.

This same source advised on 6-11-64 that Dr. WESLEY SWIFT and GEORGE LINCOLN ROCKWELL had met on 6-10-64 in Lancaster, California. The purpose of the meeting was to discuss a possible merger of the two groups headed by ROCKWELL, the American Nazi Party (see appendix), and SWIFT, the Christian Knights of the Invisible Empire (see attached appendix sheet for the Christian Knights of the Invisible Empire). Another idea discussed at this meeting between SWIFT and ROCKWELL was to exchange information of an intelligence nature between the two organizations, such as when an informer was discovered in either organization. They called for a meeting of the heads of all "right wing" organizations for the purpose of selecting an "arbitrary head" for such matters as publicity and public relations. Source advised that during the meeting between SWIFT and ROCKWELL it was evident that they differed in their views. SWIFT's religious views were alien to ROCKWELL.

AMERICAN NAZI PARTY,
LOS ANGELES, CALIFORNIA (ANPLA)
also known as the American Nazi Party
Western Division (ANPWD)

A source has advised on August 2, 1963, that the American Nazi Party, Los Angeles, California (ANPLA), which branch has also been known as the American Nazi Party, Western Division (ANPWD), came into existence as follows:

In October, 1960, LEONARD HOLSTEIN was made a member of the American Nazi Party (ANP) by the national headquarters of that group as a result of his leading a picket line protesting the marriage of a Negro to a Caucasian. At that time HOLSTEIN told the Los Angeles Police Department he was in complete accord with the thinking of GEORGE LINCOLN ROCKWELL, National ANP leader. He said he, HOLSTEIN, is trying to wake up the people to what is going on; that the Jewish-owned press and radio would not let the people know the truth.

On March 7, 1962, GEORGE LINCOLN ROCKWELL advised a Special Agent of the Federal Bureau of Investigation that HOLSTEIN was one of his leaders in Los Angeles.

At a press conference on May 2, 1963, in Los Angeles, California, RALPH PERRY FORBES stated he is a lieutenant in the ANP and the ninth-ranking officer of the organization. He stated he arrived in Los Angeles May 1, 1963, to take charge of the party's headquarters in the Los Angeles area, which has control over party activities in the Southwestern United States.

GEORGE LINCOLN ROCKWELL arrived in Los Angeles on May 6, 1963, and was photographed by the local press with RALPH PERRY FORBES. ROCKWELL was quoted by the press as saying he came to Los Angeles because of the arrest of five members of the ANP as a result of an altercation at the Shrine Auditorium on April 28, 1963, where a Salute to Israel rally was being held. He was also quoted as stating local headquarters were to be established in California.

CHRISTIAN KNIGHTS OF THE INVISIBLE EMPIRE,
aka. Ku Klux Klan

On November 4, 1963, a source advised that the organization known as the Christian Knights of the Invisible Empire (CKIE) held its first meeting at Lancaster, California, on October 19, 1963. The source stated that the meeting was presided over by Wesley Albert Swift and that approximately thirty-eight members were inducted. The source stated that Swift explained to those present that the organization was actually the Ku Klux Klan, but since the Klan was regarded as illegal, they would call themselves the Christian Knights of the Invisible Empire.

According to the source, Swift explained the objectives of the organization as being to preserve the Constitution of the United States and the white race and to fight communism. Members of this organization were issued cloth robes and white hoods with eye holes, the robes bearing on the breast a round blue shield and encircling a red cross. Members were urged to wear sidearms to all meetings.

The source further advised that while William Potter Gale is the California State Leader of the CKIE and Wesley Albert Swift ranks as the second functionary or Chaplain, Swift is, in effect, the real power in the CKIE.

On November 5, 1963, a second source stated that Shreve Merritt Nielsen, a local leader of the CKIE in Lancaster, had made plans indicating his intention to burn a television shop operated by a Negro at Quartz Hill (Lancaster), California.

On November 10, 1963, the Los Angeles County Sheriff's Office, Lancaster, California Substation, advised that on that date a television repair shop belonging to this Negro man was burned by the use of "Molotov" cocktails at

Quartz Hill (Lancaster), California, and that their investigation reflected that the fire was most probably set by Nielsen and another close associate, William James Lovejoy.

The first source advised on November 17, 1963, that the headquarters of the CKIE was then at Swift's home, located at 44616 North Fig Street, Lancaster, California. This source advised on January 8, 1964, however, that Gale may entirely take over the CKIE at Lancaster, California, and in this event the new headquarters would be located at Gale's home, located at 1840 West Avenue K, Lancaster, California.

On February 26, 1964, the first source advised that Swift stated his attorney and others had advised him to disband the CKIE, which he had done, and Swift claimed that the movement was completely dead in the State of California.

Enclosed herewith for information purposes, is a list of individuals who are receiving taped sermons from WESLEY ALBERT SWIFT.

b7c The report of the California Attorney General, THOMAS C. LYNCH, to the California Legislature and released in April, 1965, reveals that SWIFT is head of a chain of churches called the Church of Jesus Christ-Christian, and that one of his preachers was [REDACTED], one time organizer for the National States Rights Party (see appendix). SWIFT, according to this report, was an organizer for the Ku Klux Klan in 1945, purchased over a hundred concealable firearms in the past year, maintained a firing range on his Kern County ranch, as well as a "secret arsenal." In this report he is named as one of the organizers of the California Rangers, described as a military arm for the members of his church and the now defunct Christian Defense League.

This mailing list was obtained from [REDACTED] on April 11, 1965.

STANFORD DAILY 1-23-51 P1 COL 4

GIVE HIM A CHANCE—After an audience-inspired exit by Dr. Wesley Swift and a recess during which the crowd milled about the stage, ASSU Excom member Dick O'Connell (at the podium) asked for quiet so the speaker could have another chance. In the background are student Donald Close, Swift, and Rev. Charles R. Robertson.

Questions, Jeers Rout Dr. Swift

By JOY HAAS

Dr. Wesley A. Swift, state director of the California Anti-Communist League, left the platform of the Palo Alto High School auditorium twice in one hour last night, the final time after students demanded that he answer their questions from the floor.

More than 400 Stanfordites swarmed into the auditorium to challenge Swift's statements about

swarmed into the auditorium to challenge Swift's statements about "The Secret Government of America."

As students successively hissed, heckled, and filed out (a few garbed in improvised Ku Klux Klan masks), Swift accused the crowd of being the "most discourteous" he had ever met. With that, he stalked off the stage.

The burly, explosive Swift charged the local American Civil Liberties Union, which prepared a statement this week exposing his Ku Klux Klan and anti-Semitic affiliations, with "seeing that wrong facts are sowed in this community."

Many local citizens condemned the student actions. Some of the comments overheard were:

"There's nothing funny about this. It is the most disgraceful thing I've ever heard."

"I'm not going to send my kids to college if that's the way they act."

When unfavorable student reaction drove Swift off the stage the first time, ACLU member and temporary junior Excom representative Dick O'Connell quieted the crowd and reminded them that Swift had a right to speak and receive courteous attention whether or not the audience agreed with his views.

Swift, who was sponsored by Stanford student Donald E. Close, returned to his podium, placed midway between the flag of the United States and the California state flag, and declined a student request to discuss Communist infiltrations into U.S. school systems.

However, Swift did say that he believed there were many social scientists and socialist planners planted in the schools.

"Get this if you don't get anything else," Swift said, shaking a fist at the audience, "20 per cent of the world, composed mostly of Christian nations," produces 83 per cent of the world wealth. The nucleus of the "secret government," Felix Frankfurter, Henry Morgenthau, Senator Herbert Lehman, threatens to reduce us to 30 per cent of our present living standard in order to equalize this wealth over the world, Swift trumpeted.

A student interrupted Swift's allegations that the Dumbarton Oaks and Bretton Woods monetary agreements were entered into without the knowledge or consent of Congress. The student asked how it was possible for Congress to be kept in such ignorance if they had to appropriate all funds paid out of the Treasury.

Close came to the front and reminded the audience that questions were out of order for the meeting, and Swift's only answer before he left the stage for the last time was:

"Tonight we are talking about the Secret Government."

ALASKAN STORM

A three-day Alaskan storm pattered out over the Northern California coastal area yesterday after sending the Russian and Eel rivers over their banks.
